5.	ASO/Provider Updates		Karen Richardson discussed: <ul style="list-style-type: none"> • The state has given us the application for enhancement teams. It was attached to the agenda. This is just an FYI so everyone can get an idea of what will be expected. The state will be adding another check box to identify a relationship with the ASO is present. Right now the state has allocated \$26 million to the enhancement teams and \$4 million is earmarked for new BHA providers that do not currently have a contract with the ASO. We are waiting to see what this will look like once we get more guidance from the state. • We also send out the regional crisis protocol and I would like each provider to have someone start to fill this out. I will be meeting with each provider in November to go through it but it would be very helpful if they already had filled out the information specific to the county they 	Karen Richardson for Sindi Saunders

We continue to participate in weekly ESH discharge planning meetings and monthly HCA led liaison meetings. Attended the ESH Quarterly Consortium Meeting last month. As part of the DRW Settlement, the state is launching an electronic Transition and Discharge Planning System (TDPS) and it will go live November 4th. This should further improve care coordination and discharge planning for individuals at the state hospitals. Initially, only state workers and designated ASO/MCO liaisons will have direct access to the system, but the system will be able to send updates to the entire treatment team, including agency based liaisons and peer Bridgers. Kris will have more information to report next month after it is live but you can email Kris directly with any questions. 	Sarah Gillard for Kris Brown
