	Item	Type	Description	Discussion Leader(s)	ACTION
1.	Call to Order		Katie Hammeke called the meeting to order at 1:36pm	Katie Hammeke	
2.	Introductions		Fawn Wagner called roll for phone introductions.	Fawn Wagner	
3.	Agenda Additions/Changes		None	Katie Hammeke	
4.	Approve Meeting Minutes	Action	Approval of minutes from December 16, 2025.	Katie Hammeke	Robert Luke moved to approve the meeting minutes from December 16, 2025, as presented; Mya Stubner seconded; motion approved
5.	BHDG Updates	Update	HCA release BHDS Supplemental Data Guide v.6.2 in early January. - Removed requirement for 121 GAIN-SS transaction. - Removed 165.02 (was replaced with 165.03 transaction on 7/10/25) - Updated clarifying language We haven't had a BHDS Data Tech meeting with HCA since November, so we don't have many updates.	Kelly Nortrom	
6.	SERI Updates	Update	HCA is gathering/making changes to publish 4/1/26 for the SERI: - Updating language in the OTP modality section to clarify requirements around better chart documentation for these encounters. - Updating language for SWMs and E&T language to be aligned. - HCA will be adding an "Exclusions" table to SERI to better document/highlight in one spot the exclusions for different codes; this will be released with the 7/1/26 SERI. HCA had a presentation where they discussed CHW (Community Health Worker) encounters, the WAC	Kelly Nortrom	

			associated with it, and discussed billing as there is a new CHW Billing Guide. As this is a benefit only available to Medicaid enrollees, this is something that you can ask your MCOs more about if you have questions. There are no more free training courses on ASAM changes available due to funding changes. There will be some workshops available later this year – stay tuned for updates. The HCA staff who is in charge of SERI will be going on maternity leave in mid-late April and will be out until Fall, so we are told they will suspend SERI Workgroup meetings during that time.		
7.	GCBH Updates	Update	None	Kelly Nortrom	
8.	GCBH – Provider Data Submissions	Update	There are a few providers who are falling behind in data submissions, and we are either in communication with those providers about it, or should hear from us shortly. As a reminder, the DOH license number segments are required to be submitted for all claim files (837P and 837I) and you will get errors during processing for your file if it those segments are missing. Additionally, since we have edits in place in Raintree to verify the DOH license numbers submitted to the agency submitting the file, please let us know right away if your agency has any DOH license number changes. We have a regular deliverable to HCA to report these numbers to them, which is why we put the edit on DOH license numbers for processing. Data Quality Reports are coming to your inboxes soon! Thank you to everyone for getting us your Business Continuity and Disaster Recovery Plan deliverables! We were able to submit our deliverable around this to HCA on time this year.	Kelly Nortrom	
9.	Other Business			Katie Hammeke	
10.	Adjournment		Meeting adjourned at 1:46pm	Katie Hammeke
